DEDICATION

The 1952 Capitoline Staff humbly and yet proudly dedicates this book to:

A teacher:

A lady, and

A friend —

Miss Margaret Rourke.

Like a queen, Miss Rourke has reigned over her English classes with dignity and understanding. We, her willing subjects, have been held enthralled by her readings, have been matured by her teachings, have been directed by her guidance. Miss Rourke has always aimed her curriculum slightly over our heads, so that we must stand tall — so that we must grow — in order to comprehend it. Therefore, with deep thanks for the challenge and the warmth which we have found in her classes, we present this scrapbook to Miss "Em" Rourke.

FOREWORD

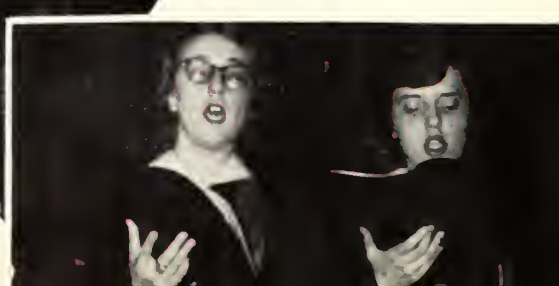
Here it is — your 1952 Capitoline — your red and black scrapbook of another grand year at SHS. Here are the teachers and the classes, the sports, the clubs and the activities, and, most of all, THE KIDS — all compiled for you in a book of memories to last forever. Here, in words and pictures, is a history of the events that made up one of the happiest years of your life — the 1952 year at SHS. Here we are, guys and gals . . .

in our happy moods —
and our silly ones . . .

having fun at our
parties and dances . . .

at our games . . .

at our plays, and assemblies, and concerts, and just EVERYWHERE!



and here, in stately grace, is our school. . . .

and, in gayety and laughter, ourselves and our friends.

Here is our scrapbook, your scrapbook, read, look, and remember. If, many years from now, this book can bring back to you these wonderful days, we will be happy — our goal will have been achieved.

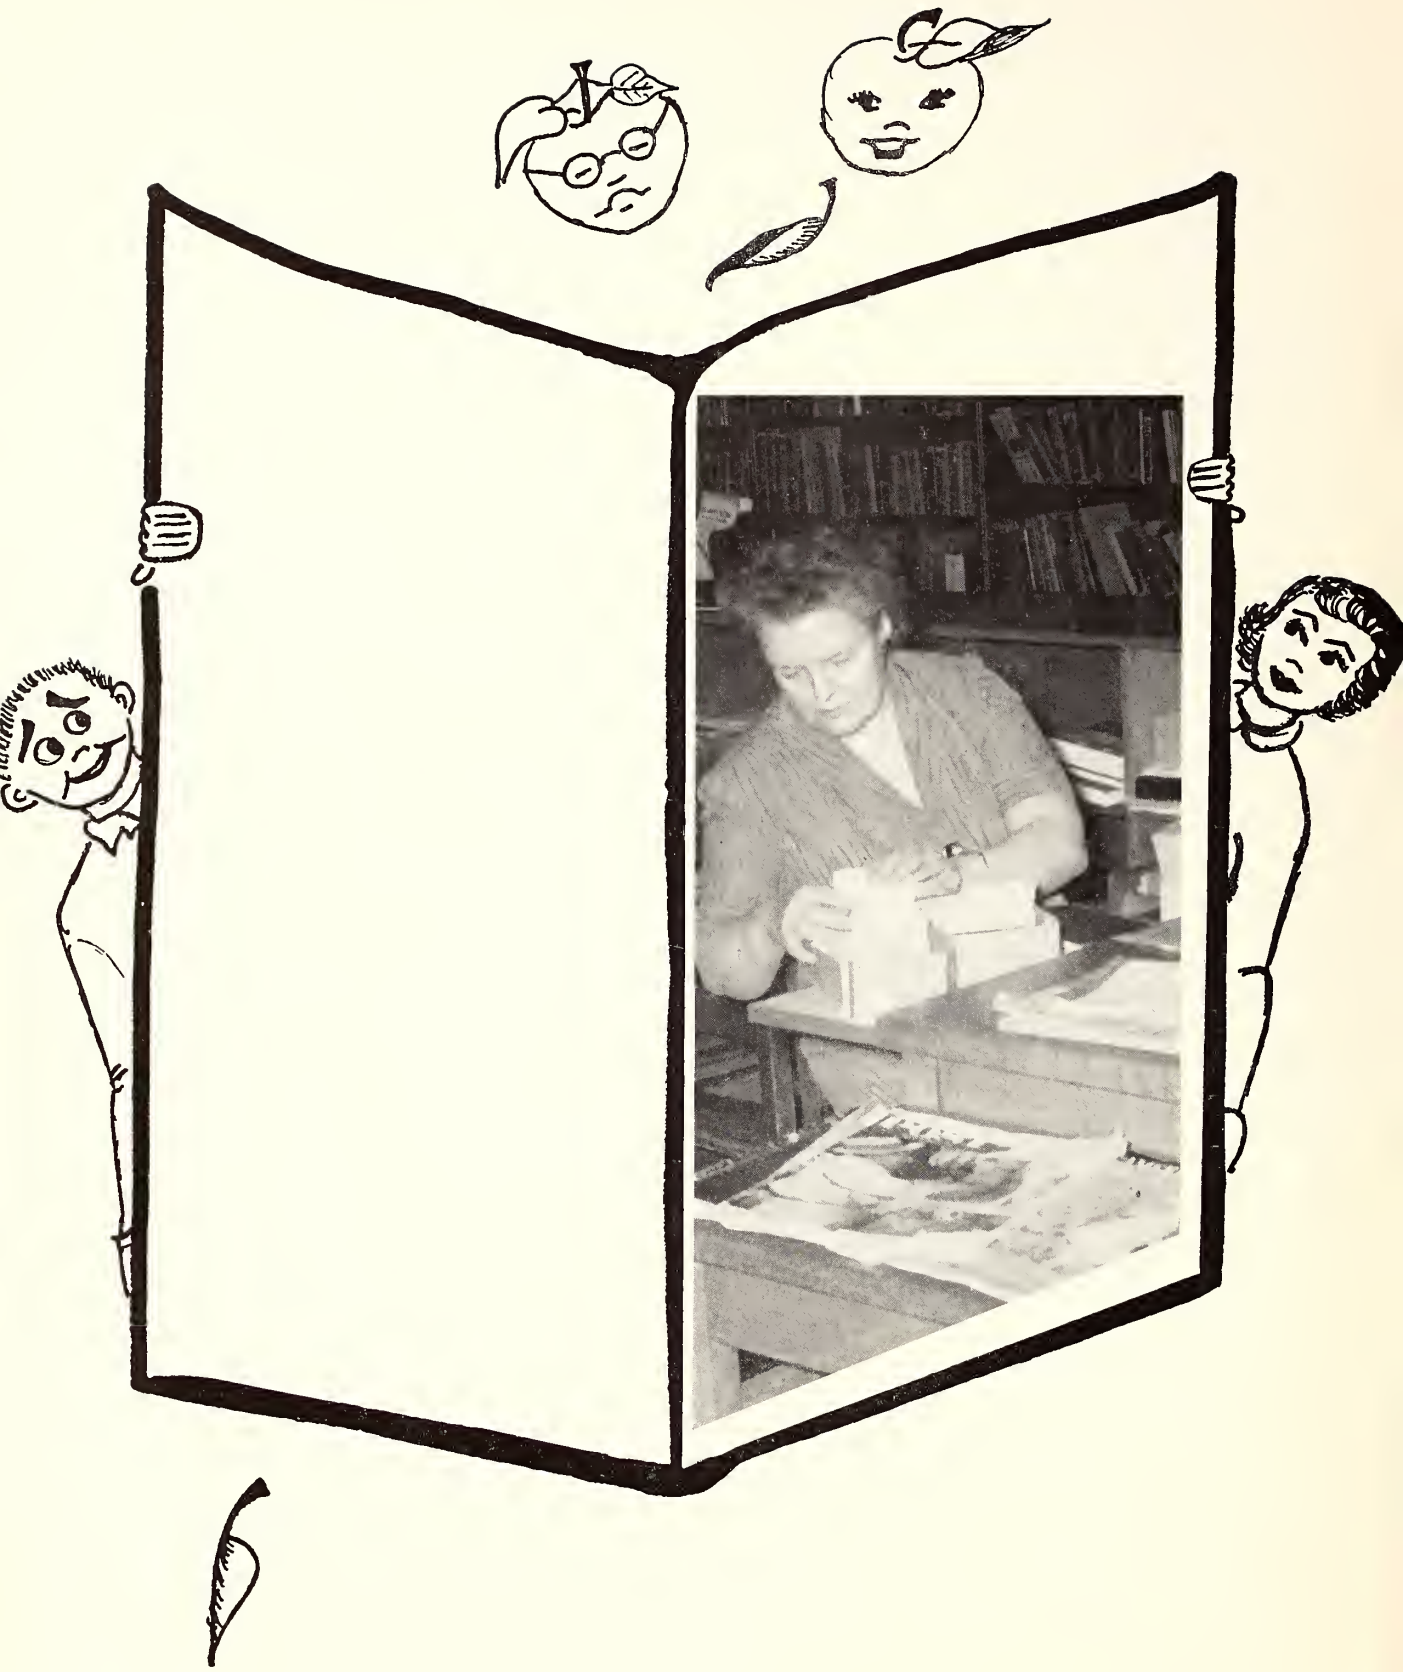
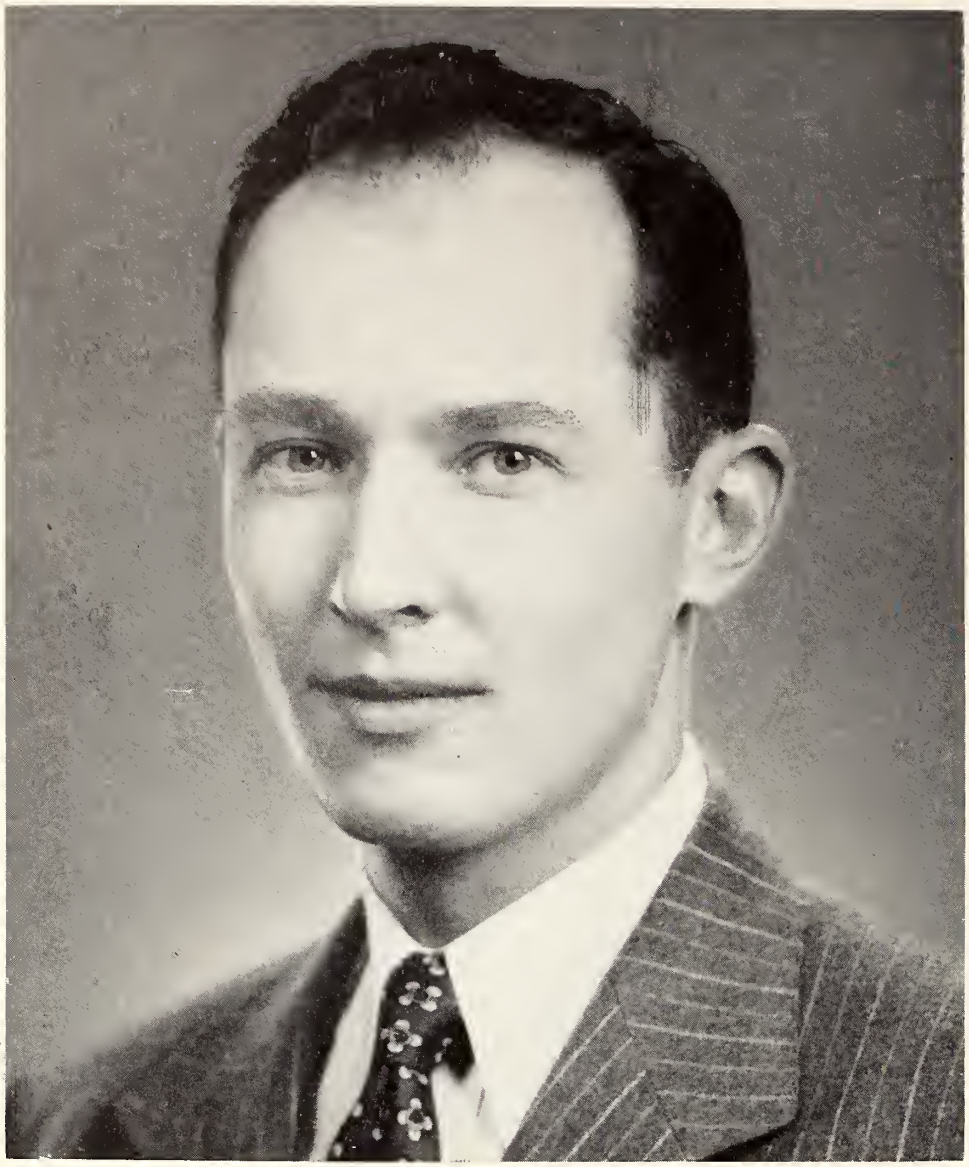
INDEX 124



We start off our scrapbook with the teachers . . . those much maligned human beings that we all realize are really kind, tireless, and understanding. School revolves around the classes, and the classes revolve around the cheerful and energetic TEACHERS.

Principal and Main Office Staff



MR. ROBERT PERZ, Principal

Margaret Davis
Corresponding Secretary

Edna Atkins
Secretary

Just what is our school's principal like? We see the faculty in the classroom every day, but we do not know so well the man who is in charge of this school. Mr. Robert Perz, our chief of staff, is that tall fellow who emerges from his cubicle in the main office. Upon this man's shoulders rests the responsibility for a well run Springfield High School. Mr. Perz, Miss Atkins, the recording secretary, and Miss Davis, the corresponding secretary, constitute the personnel of the main office. We wish to acknowledge their efforts to be helpful and fair to all those who need help.

This is Mr. Perz' first year as principal, but for the three previous years the students have known him as the assistant principal. The class of '52 would like to claim Mr. Perz as one of its own, for he came to Springfield at the same time that the present senior class entered high school. Congratulations, Mr. Perz, for being an honorary member of the class of June, 1952!

Assistant Principal and Counselors

MR. GENE LEDERER

Mr. Lederer's room has a well-worn doorway and the students passing in and out seem to always have the same familiar faces.

Our Assistant Principal, Mr. Lederer, is that understanding person on whose shoulders falls the responsibility of punishing wrong and stressing right. His tact and patience have made the students respect and like him.

We know that Mr. Lederer has a difficult job to do, but it is a job that is essential to a well run school.

COUNSELORS

There are four study centers in Springfield High School, two for the boys and two for the girls.

Miss Hager and Miss Johnson supervise the girls; Mr. Petefish and Mr. Rankin supervise the boys.

The counselors assist the students with problems of good study habits, choosing a vocation, a college career, and getting along with others. They help establish a better understanding between parent and teachers by arranging interviews. Students who are in danger of failing are given special attention and help to improve their study habits. The counselors also advise them as to the kind of program which is best suited for their own abilities.

Mr. Charles Petefish, Miss Ruth Johnson, Miss Louise Hager, Mr. Donald Rankin

Elizabeth Graham
Head of English Department, University of Illinois, A.B.; Middlebury College, M.A.; Bread Loaf School of English.

English

The English Department has completed another of their long-time projects, the book storage room. The library, built from the unused organ loft, has, within the last fifteen years, grown into an impressive collection commanding the respect of those knowing the new curriculum enrichment program of the National English Council.

Miss Cora Jane Yonick, who replaced Miss Ellen Rourke, public speaking teacher, has coached the class plays and the Christmas assembly.

SHS English students took seven top prizes in the four essay contests in which they participated. Most of the English classes submitted essays from which the school's entries were chosen.

The whole program under twelve English teachers has been to give the basic tools with which to communicate effectively, but also to enrich the daily lives of every student.

In this age of world anxiety, it is vital for us to know our historical heritage and the background of today's happenings. It is this aim of the Social Science department of SHS to keep us well informed—that is most evident. But its other goal — to develop in us alert, selective, **thinking** minds — is no less practicable. We are all better, more well-rounded citizens because of our experiences in Social Science classes.

World History and United States History are required courses. Seniors have a choice of Geography, Economics, Problems, or Civics.

Mr. Lenard Grote is a new member of the Social Science Department this year.

In this Atomic Age, the importance of the physical sciences is increasing daily. This department at SHS, by keeping up with the latest developments in each field of scientific work, has proved of interest to all our students. From Freshman General Science to Senior Chemistry, there is a branch of science for every student. By striking a proper balance between recitation and lab periods, the science teachers always manage to keep their classes interesting and informative.

The Mathematics department offers four years of mathematics to students at Springfield High School. College preparatory students take one year of Algebra and one year of Plane Geometry. Students who wish to major in mathematics take semester courses in Advanced Algebra, Solid Geometry, Plane and Spherical Trigonometry, or College Algebra. A refresher course in Arithmetic is offered to the Freshmen who need additional training in this field.

For those students entering fields in engineering, architecture, science, meteorology, statistics, and actuarial work, the complete mastery of all high school mathematics as a background for further advanced preparation is absolutely necessary.

Of interest to all the students are the display cases that show practical applications of the various mathematical subjects.

Mathematics Department Honors Lincoln

Languages

Beatrice Concheff
University of Chicago, M.A.; University of Iowa.

French

France—gay Paree—the romance and granduer of the Gallic nation! French is the key to these. The French students learn to converse in a language that is the leading language on the European mainland—a mainland where Miss Bernadine Matthews, our regular French teacher, is now studying. During her absence, Mrs. Beatrice Concheff, a former SHSer herself, has been ably teaching us our oui's and non's.

Charlotte Ronca
University of Wisconsin, B.A.; University of New Mexico, M.A.; Marquette University; National University of Mexico.

Spanish

Habla Ud. el espanol? If he wishes to, any SHS student can learn to speak Spanish. In Miss Ronca's three courses, she emphasizes not only reading, writing, and speaking the language, but also an understanding of the customs and cultures of our neighbors south of the border. The use of extra-text material newspapers, magazines, novels, and short stories — keeps us interested and increases our fluency.

Latin

Miriam Steinmiller
Knox College; University of Chicago, Ph.B.; University of Illinois; Summer Session at Oxford, England.

Mary K. Blatt
Monmouth College, A.B.; University of Chicago; University of Wisconsin.

Margaret Ihlenfeldt
University of Illinois, B.S.; Columbia University, M.A.

Marguerite McPhillimey
Illinois College, A.B.; University of Wisconsin, M.A.

It would have been much easier for Caesar to write his history of the Gallic wars in English, but then what would the Latin students have done? Seriously, though the Roman writings are some of the classics of all times, it is not the main purpose of our Latin classes to teach us to read them. Their aim, rather, is to teach us the accuracy that is vital in a foreign language, and to improve our English by widening our vocabulary and our knowledge of grammar.

Art and Music

Amanda Wessel
University of Chicago, Ph.B.; Columbia University, M.A.

Marjorie Mason
Northwestern University, B.A.; Pratt Institute, School of Fine Arts; Philadelphia School of Design; University of Vermont.

The world is beautiful, and it is one of the prime purposes of the Art Department to teach us to appreciate this beauty and to add to it. Besides offering a major in creative art — painting, sketching, sculpturing—this department gives a course in Art Appreciation for all those who wish to learn the artistic unities.

G. W. Patrick
Director of Band, DeKalb Normal School; University of Chicago, Ph.B., M.A.

Sing! Play! Let music guide you through your life, and help you to be merry. Acting on this policy, SHS plans that every student should include in his curriculum some music course. Be his talents instrumental or vocal, each pupil can find a "noteable" spot for himself in the Band, Orchestra, Choir or Chorus classes. May the students continue this policy through their whole life, always enjoying good music.

Constantine Johns
Southeast Missouri State Teachers College, B.S. in Education; Columbia University, M.A.; University of Minnesota; University of London, England; Columbia University.

Roger J. Benedict
Lawrence College, B.M.; University of Wisconsin; Illinois State Normal University; Christiansen Choral School; Colorado State College of Education, M.A.

Margaret Hausen
Drake University, B.S.M.; University of Iowa, M.A.; Christiansen Choral School; Westminster Choir College; University of Colorado.

Commercial

Most of the SHS students take some Commercial subjects while in high school. Whether it's just typing or shorthand to help them in college or a full major with office practices, bookkeeping, and retailing, we are sure of learning the newest in office methods. SHS seniors who plan to go to work immediately after graduation have no trouble finding office jobs when they have as preparation a top-notch high school training course.

Inez Gieseking
University of Illinois, B.S.; University of Iowa, M.A.; Philo Adviser.

Katherine Krebaum
University of Illinois, B.S.; University of Wisconsin; Illinois Business College; High School Treasurer.

Ralph E. Mason
Distributive Education, University of Illinois; Illinois State Normal, B. of Ed.; Northwestern; University of Mississippi.

Wilma Leasman
Illinois State Normal University, B. of Ed.

Mary Carmody
University of Illinois, M.A.; University of Chicago, B.A.

Allen Smith

Robert Newell
Augustana College; University of Illinois; Bradley University.

Alfred Redding

Jesse Sanders
James Millikin University; University of Illinois; University of Iowa; Business Manager of Athletics.

Calvin C. Rippel
Illinois State Normal University, B.S. in Ed.

Robert Rutledge
Illinois State Normal University, B.S. in Ed.

Industrial arts gives many boys a chance to work with both hands and brains. This helps to prepare them for future work in industries, trades and other professions. The boys have a choice of machine study, electricity, printing, woodwork, or mechanical drawing. The Freshmen may take a General Shop which gives them a little bit of each one.

Anthony La Fauce of the Industrial Arts division passed away in October after having been with this school for many years. He taught Electricity and Auto Safety to the Freshmen.

Household Arts

Mabel Hays
James Millikin University, B.S.; University of Chicago; University of California; Columbia University; Iowa State College.

Eleanor Farrar
Illinois State Normal University, B.S. in Ed.

Ethel Baldwin
Kansas State College, B.S.; Columbia University.

After all, most girls hope eventually to be a housewife. To train them to be **good** housewives, our school gives complete courses in cooking, sewing, and home and family problems. A girl who knows how to dress herself well and inexpensively, to cook and serve appetizing meals, and to manage a home efficiently and economically, should have no trouble in adjusting to home life and family associations.

THE SEWING CIRCLE

Physical Education

William Roellig
LaCrosse State Teachers College; Northwestern University; Football Coach.

Mark Peterman
LaCrosse State Teachers College; University of Illinois, B.S., M.A.

Herbert Scheffler
(Physical Education, Science); Illinois College; University of Oklahoma, B.S.; University of Illinois, M.S.; Basketball Coach.

Margie Hinkle
Southern Illinois University, B.S. in Education.

Marvine Schulze
Culver-Stockton; MacMurray College.

Basketball, Volley-ball, Baseball — it's gym class! Now we let down our hair and relieve the tension for an hour. Since it is the purpose of SHS to develop well-rounded students, physical education has its place just as English and Science have theirs. In these gym classes are trained not only our school's future athletes, but our nation's future citizens who must be strong physically as well as mentally. Here is one class that has really been **fun!**

Student Services

Rosemary Flood

Speech Correctionist
University of Illinois, B.A.; Springfield Junior College.

It's a real pleasure to get to go to Miss Flood, the speech correctionist. Her personal charm makes each of her students a friend. She has performed the near miracle of making an inviting place out of the cubicle that is her room, a place to which any student with a speech defect is glad to go to work to clear up his trouble.

"Miss Z" needs no introduction. Her cheery smile and pleasant personality are one of the more familiar landmarks of SHS. The library, with its stores of up-to-date reference material and enjoyable fiction, is open for the use of faculty and students. Through the use of a permit system, students may use the library facilities during their study periods as well as before or after school.

Marguerite L. Zimmermann

Librarian
Illinois State Normal University, B. Ed.; University of Illinois, B.S. in L.S.

Dorothy Southwick,
Registered Nurse

Be it a headache, flu, or scarlet fever, our nurse, Miss Southwick, is there to help the patient. Her understanding and skill helps locate the cause of trouble, determine a course of action, and set the student on a speedy road to recovery.

The problem of running a huge cafeteria efficiently and economically is no small one, but Miss Rita Devlin fulfills it admirably. We students are grateful to her for the nourishing, warm lunches served every day of the school year.

Rita Devlin
Cafeteria Directress

Avia Bryant
Attendance Clerk

Whatever their problem, many SHS students turn first to the Student Office. They can be sure that Miss Robb or Miss Bryant will help them find that book, open that lock, or receive that message from Mom.

Instructor

Now come the kids . . . the wheels (and the flat tires) . . . the debs and the squires . . . the guys and the gals . . us! All the games, parties, and dances would fade into nothingness if we didn't have our friends, our pals, our "gang" to go and do with. So let's start off now with our parade of STUDENTS.

President
JERRY MAISENBACHER

Vice President
REX BERRY

Secretary
HARRY HODDE

Treasurer
WALT HANKEN

January
Senior Officers

We were sorry to see the "middies" depart and step into the world. Yet with all bad comes good. We knew that this group of students were well prepared for the battles ahead. They had compiled a fine record while they were under the common roof.

The class had many honor students, athletes, actors, and plain good fellows. Eight members of this class were awarded membership in the National Honor Society as an acknowledgment for their good school citizenship and excellent scholarship.

The class has, like all graduating classes, scattered to the four winds. Some have gone to college, others have gone to work, and still others are working temporarily until Fall, at which time they will enter further schooling. We hope that the coming years will bring even more success to the members of this class than the past has brought.

GLENDA GRANT

June Senior Officers

Well, what do you know, the four year tour of duty is over. We have completed a most interesting part of our life. Among our number are scholars, athletes, fine speakers, dramatists and the smoothest of socialites. We know the "ropes" and could be of great help to the incoming freshmen. But if we stayed to teach them, think of the fun that they would miss.

Seriously we have had a lot of fun and met a lot of fine people. We look to the future and hope that fair weather prevails. SHS has contributed much to our lives. What we do with our newly gained knowledge is now up to us. We sincerely hope that things will go as well for us in the future as they have in the past.

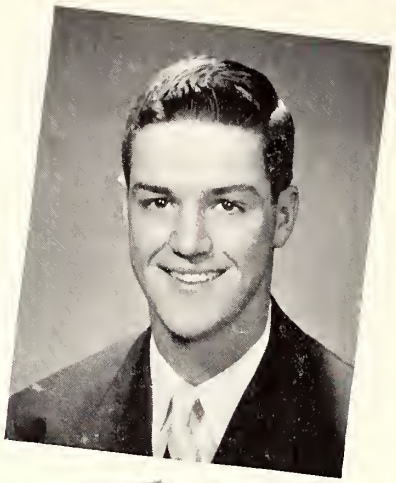
Junior Officers



President
AL KOELLER

Well, would you believe it, they are now upper-classmen. But they must not let this go to their heads. The shoes that they are to fill next year are big. They must save a little of this "swell" for their feet.

Vice President
SUE HOWARTH

The Juniors are one of the most active classes in the school. They are fast learning to be the school leaders. Ever since those far off days that they entered old SHS, they have been looking for things to do. Many school improvements are due directly to Junior class members. Leadership development is one of the prime reasons for having schools. This class should be recognized for its leadership abilities.

The old joke "you can tell a Sophomore . . . but you can't tell him much" applies to the class of '54 but in a different way. You can't tell these kids much because they are already so good. Their booth in the May Festival was one of the best. Their representatives on the Student Council are always speaking for the rights of underclassmen. In extra-curricular doings—sports and clubs—the Sophs have been extremely active. Next year's Juniors are sure to be a swell bunch, because they've been such super Sophomores.

Led by Don Casper and Jerry Maisenbacher, the Senators grabbed a free scoring scrap from a stubborn East St. Louis crew by the score of 28-20. After Casper had scored first on the "Statue of Liberty" play, he passed 42 yards to Ralph Upp for the second touchdown within two minutes. In the second frame Casper hit Bill Horsley in the end zone for a 21-6 halftime command. Leonard White gave the Senators some insurance by returning a punt 45 yards for the final score. Maisenbacher made all four conversions.

In the first intra-city game the Solons humbled Feitshans 28-0. Maisenbacher opened the scoring by plunging eight yards in the first quarter. Then Casper wound up and pitched to Upp in the end zone. Just before the half, Casper ran 17 yards to score, making it 21-0 at the half. Lennie White added the final tally in the third period on a 26 yard pass play from Casper. Maisenbacher made all the extra points.

SHS galloped over Cathedral 48-0 for their second city triumph. Jerry Maisenbacher plunged six yards for the first score. Four minutes later, Casper hit Ralph Upp from 33 yards out for a 14-0 first quarter lead. Opening the second frame, Casper picked up a fumble and ran 74 yards. A little later, Don hit Upp again for 24 yards and a T. D. Then Casper electrified the crowd by dashing around end for 96 yards. Pat Doyle and Dick Miller added the last touchdowns on runs of 30 and 43 yards.

The Solons won the city title by smothering Lanphier 52-0. To open play, Casper tossed 48 yards to Lennie White. Don then ran 48 yards for the second score. After again throwing to White for 42 yards and a T. D., Casper passed to Nelson Cummings for a fourth tally. White opened the second half by dashing 68 yards off tackle. Then after Maisenbacher had scored from eight yards, Casper returned a punt 84 yards. Al Koeller wound it up by galloping 37 yards down the sidelines.

Game By Game

The Senators took their Big 12 opener from Decatur 13-0. Maisenbacher climaxed a drive of 69 yards by plunging over from the one. In the second quarter, Casper passed to Upp deep in the end zone for the only other score. Maisenbacher converted.

Next the Solons rolled over supposedly strong Peoria Central by a 41-13 score. On the fourth play of the game Casper dashed 44 yards. Five minutes later, after Casper had passed to Upp from 25 yards, he again hit Upp for 27 yards and number 3. Then Casper and White each scored on runs of 7 and 11 yards to end the half 34-0. Al Koeller added the final counter in the fourth quarter.

SHS had an off night at Bloomington, but came out on top 19-12. Seven minutes into the game, Casper passed 15 yards to Doyle for the first score. Later in the first period, Casper scored from the two. Don added the deciding counter in the second quarter by sprinting 33 yards.

The Senators then trounced Lincoln 39-0 before a scant crowd of 200 who braved the cold. Lennie White scored first by dashing 11 yards. After Casper had pitched to Doyle for 37 yards, Pat ran 15 yards for number 3. In the third period Bill Horsley picked up a blocked punt and raced 40 yards. Casper and Koeller added the final two touchdowns in the last quarter.

In their final game the Solons lost a heart-breaker to top-ranking Pekin. Well matched, both teams played superb ball. Down 20-7 at halftime, the Senators, led by the master, Don Casper, roared back to score two quick touch-downs on a 3 yard plunge by Casper and a 31 yard pass to Maisenbacher. Casper scored the last touchdown on an eight yard plunge following his brilliant 51 yard gallop in which he had to reverse his field 3 times.

Freshmen Football

The Springfield High Freshmen football squad had a very successful season. In running through a seven game schedule undefeated there was only one touchdown scored against them. Lanphier scored the only T. D., but our cooties won 41-6. The biggest score piled up was a 69-0 shellacking of Cathedral. A word must be said for Coach Willard Duey, who did a fine job getting the freshmen in shape. We are looking forward to seeing many of the freshmen in varsity roles in the next few years.

Review of Season

The Senators from Springfield High had another successful basketball season posting a record of fifteen wins and eleven losses for the 1951-'52 campaign. Starting off, the Solons won four straight including a decisive win over highly touted Collinsville and a victory over Billy Ridley and Company from Taylorville. Then first defeat came at the hands of powerful Danville followed by a loss to LaGrange.

Over Christmas holidays came the city tournament. SHS won their first two games rather easily from Feitshans and Lanphier. Then came a heartbreaking, last second loss to keyed-up Cathedral.

The New Year brought bad times for the Senators. They lost three straight including a 70-68 overtime thriller to Bloomington and a defeat at the hands of arch rival Decatur. Then, after coming back strong to win four straight, the Solons lost again to Bloomington. The next night they turned right around to trim Decatur 75-51. Then, after a two point victory over Mattoon, came the Quincy game in which Casper was injured, putting him out of commission for the regional playoffs. To start the regional, our boys knocked off Virden without much difficulty. The next game was not as easy, but with Dick Schofield's fine floor play and Nelson Cummings' fine rebounding, the Senators downed Pawnee. Then came the regional final between Cathedral and Springfield. The game was close down to the wire, but the Cyclones edged out the Casperless Senators by four points.

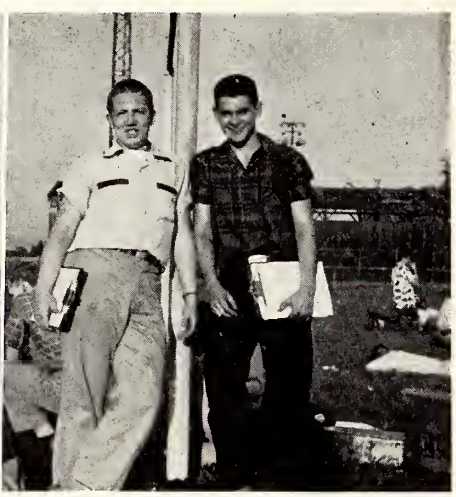
MANAGERS



Jerry MacMurdo, Dan Magowan

This year Coach Jack Turner turned out one of the most well balanced track squads that the school has had in many seasons. With depth in every event, the SHS thinclads made a fine showing in every meet. The weatherman was good to the team since there was not much rain early in the season.

Following the inter-class meet, which the seniors captured, the Senators won a dual meet with Taylorville and a triangular meet with Feitshans and Kincaid. In the first big meet, the Pana Open, SHS was runnerup to Urbana. The next hurdle was the Normal Relays, one of the biggest meets downstate. Peoria Woodruff won while Springfield was second.

After a brief rest, the team over-powered the rest of the city schools, winning the City Track Meet by the tremendous score of 108½ to Lanphier's 44½. Next came the Lincoln Relays where the Senators squeaked by Decatur by only one point, 65½ to 64½. This marked the first time SHS has won the Lincoln Relays since they were started in 1939.

QUIZ — THE 220 MAN

Then came the District at Pana for the right to compete in the State meet at Champaign. Those who qualified for the State were: Dick Quisenberry and Darrell Iversen in the 100, 220, and 880 relay; Dick Coe, 880 relay; and the mile relay team run by Dave Overaker, Bob Hanauer, Pete Anker, and Bill Horsley. At Champaign, the track was covered with water, slowing up the time somewhat. In spite of this, though, Dick Quisenberry and Leonard White qualified for the finals in the 220 and low hurdles, respectively. Quisenberry kept the school honor high by capturing second in the 220.

The squad as a whole demonstrated fine sportsmanship and team spirit. They were always willing to battle to a victory for the school.

BASEBALL

Springfield High came up with another fine showing in baseball this year. With a well balanced outfit, the team boasted a 11-8 won-lost record including a 3-3 mark in Big Twelve competition.

After rain hampered the starting of the season, the Senators overpowered St. James by a 10-0 score but then lost to a fine Jacksonville crew 3-1. On April 16 our boys trounced Williamsville 9-1 but then found themselves on the short end of a 9-4 game at Nokomis. Routt and Mt. Pulaski became the next victims of the Senators, as we won by scores of 10-2 and 7-6.

In the city series Springfield dropped the first two contests to Feitshans and Cathedral, but came back strong to whip Lanphier twice and Feitshans and Cathedral once in that order.

To open Big Twelve play, SHS split a doubleheader with Pekin, winning 4-3, then faltering 14-4. Arch-rival Decatur was defeated in both ends of a twin bill by the Solons 5-1 and 12-7. Peoria Manual promptly spilled the Senators in two games 13-1 and 4-2.

In the District Tournament (whose winner goes to the Sectional for a crack at the State Tournament) SHS was knocked out of contention by Taylorville 9-6. Many bad breaks contributed to the Senator's defeat.

The Red and Black showed considerable mound strength in Ike Ryan, Hank Malkus, Bob Duke, and Don Post. Some of the mainstays of the club were Nelson Cummings, Don Casper, Dick Schofield, Bob Bast, and Keith Schroeder.

TENNIS

The SHS tennis team, under the coaching of Mt. Rutledge, had a very successful season. Starting early in the Spring the boys practiced every day after school. The boys won three of the five dual meets entered. They downed Lanphier twice and Jacksonville once, while losing meets to Lincoln and Decatur in the Big Twelve. At the District meet at Decatur, SHS did not have any qualifiers for the State meet.

Letter-winning members of the squad which showed fine play and sportsmanship were: George Luthringer, Tom Young, Tom Reed, Don Cooke, Bob Lenz, and Dan Cleary.

The Men With The Big Stick

Dave Spencer, Dick Ehlert, Cullen Patton, Dick Brown, Henry Borg

GOLF

Starting in April, the Springfield High School golf team practiced long and hard every evening after school with each hopeful trying to get a place high on the golf ladder. Under the direction of Mr. Peterman, the boys have entered two meets. In a dual with Taylorville, the Senators emerged victorious. In the District at Jacksonville, in which boys try to qualify for the State meet at Champaign, nobody from Springfield qualified although the team as a whole placed second.

The team had representatives from every class with everyone showing ability, fair play, and noticeable improvement as the season progressed.

CHEERLEADERS

One of our hardest working groups at SHS this year, as in years before, is the many Cheerleaders. Their never-ending school spirit has inspired many a teammate to play his hardest, and every student to yell his loudest, and even every teacher to support the games and co-operate with the students on game nights.

We all agree that the Cheerleaders deserve a huge hand for their performance this year and the three or four years that they have worked so hard to keep up the team morale and keep down the opponent's score.

Thanks fella and gals and Miss Schulze; we will never forget, and will always be inspired by your untiring efforts.

Springfield High School's Rifle Club, instructed by Mr. Howard Diller, has completed another successful season. The team fires during the whole school year, and has outscored all the city teams at one time or another. They beat city champion Feitshans 1681 to 1477 early in the season. High marksman of the year was Robin Kozelka, who was awarded second junior honors in the Illinois State Gallery Rifle Championships.

To be eligible for membership in the Rifle Club, one must belong to the Y.M.C.A., be a student of SHS, and be under 19 years of age. Meetings are held every Tuesday night at the Y.M.C.A. range. All firing is done with .22 target rifles.

The positions, which are prone, sitting, kneeling, and standing, get progressively harder, with the N.R.A. giving 15 awards for stages of development. Kozelka has received the highest honor the junior division of the N.R.A. gives, that of Distinguished.

In keeping with their determination to be more than a figure-head, this year's Student Council started the year with a BANG and kept up the momentum all year. The activities of each week's meeting were announced to the student body via reports read in the study centers each Friday. Their annual assembly was truly enjoyable; and it worked up great enthusiasm for the big wonderful May Festival — the perfect end to a super year for the Student Council.

SENIOR LES BAS

The Les Bas Bleus literary society is one of the most popular girls' clubs in Springfield High School. Among their interesting programs this year were a play and a debate. Because most girls are especially interested in clothing, two splendid programs of this type were held; one dealing with winter clothes, and one dealing with summer clothes. What proved to be a popular addition to this year's program was a swimming party held at the Y.W.C.A.

The Candy Cane Cottilion held during the Christmas holidays and the spring dance were the social highlights of the current season.

The Mothers' tea and style show was the climax of an outstanding year.

JUNIOR LES BAS

The Junior Les Bas Bleus is composed of girls who are at least Sophomores and who have a 3.5 grade average.

Junior Les Bas was founded when Les Bas became too crowded. These girls must secure 100 points in order to become a member of Senior Les Bas. Points are secured by serving as an officer, attending meetings, presiding at meetings, and Christmas caroling.

During this past year Junior Les Bas members made scrapbooks for the childrens' ward at St. John's Hospital and contributed money to the Community Chest. One of this years' meetings was a movie on the Parade of Roses Tournament. Other activities included Christmas caroling and Mothers' Tea and style show. A very successful year was concluded by the election of officers.

This has been one of the best years for Philos. Through their well-planned program, they have attained a spirit of friendliness and co-operation among the girls. Some of their important meetings included the Mothers' Tea, the Faculty Tea, and their two annual dances — the Soc Hop and the Alumnae Formal on graduation night.

For the year's project, Philos sent a Red Cross Box overseas. This was a very worthwhile project and we hope there will be more like it in the coming year.

Those strange and mysterious noises which were heard every other Wednesday night from room 14 were caused by the French Club's meetings.

The French Club was not organized until late in November. However, the activities started right away with a French dinner and a Christmas Party.

The meetings have been very interesting this year, ranging from movies to planning for a donut sale and the May Festival Booth.

Under the leadership of the capable officers and with the assistance and encouragement of Mrs. Concheff and Miss Logan, the French Club was a huge success.

DELPHIC LITERARY SOCIETY

Another school year is past in the history of the Delphic Literary Society. The Delphics wasted little time in that year. The clubs activities began in mid-July with a dancing party. When school started, the Delphics shared the football concessions with three other school organizations. During this same period, the club was fortunate to initiate one of its largest pledge classes.

At Christmas time the Delphics held another of its popular CLUB DELPHI dances at the Elks Club. Between semesters, the club held its Winter banquet and also another club dancing party. Near the Irish holiday, the club began a second decade of SHAMROCK SHUFFLES. The shuffle was held at the beautiful YWCA, where Miss Carol Archer was crowned Miss Shamrock of 1952.

In athletics, the Wranglers pushed across a touchdown to defeat the Delphics in football. Not to be outdone, the Delphics buried the Wranglers in a flurry of baskets to carry off the basketball game.

The talent of the student body was presented in the form of the Ninth Annual Delphic Amateur Show. This popular assembly was, as usual, a terrific success.

The club's Spring Banquet was held and new officers were elected. This successful year was achieved under the able guidance of Mr. Donald Rankin and Mr. Carroll Hall, faculty advisers.

WRANGLER DEBATING SOCIETY

This year as always the Wranglers took part in many activities outside of school.

To get the year off with a bang, the Wranglers had their annual Bonfire — a great success! So great, in fact, that some of its sparks started a second blaze in front of the Sugar Bowl.

The first Wrangler dance was the Gridiron Hobble, whose queen was Marilyn Smith. During the Christmas vacation, the Wranglers gave a formal. Also dur-

ing the winter months the club sponsored a dance after one of the basketball games. Then, with the spring, came their annual Barn Dance which had a fine turnout.

The Wranglers did other things besides giving dances: during football season they shared the work of the concession stand; at Christmas they sent a basket of food to a needy family; and they presented the school library with a set of wooden alphabet letters to be used in displays and announcements.

All in all, it was a very active and successful year!

FUTURE HOMEMAKERS OF AMERICA

The F.H.A. is one of Springfield High School's most worthwhile organizations. The main purpose of this club is to further the interest and knowledge of homemaking, and they have fulfilled this purpose through their educational and interesting meetings and through projects that show students how the F.H.A.'s are flourishing and progressing.

The F.H.A. and F.F.A., the Future Farmers of America, have often times joined together and enjoyed parties and projects which integrated both groups more closely and created many valued friendships.

The F.H.A. support all school functions. Their contributions to the activities of the school, and their advancement of a most worthwhile cause has placed them in the ranks of Springfield High's most ambitious and hard-working groups.

RADIO AND DRAMA CLUBS

Under the skilled leadership of Miss Cora Jane Yonick, the Radio and Drama Club was organized this year. Among the accomplishments of the Radio Club can be found their two swell radio shows — one broadcast in the fall for Education Week and another in March on the topic of "Nathan Hale." And the Drama Club? They have worked on the settings for the January Class Play; performed in the Christmas Play "The Littlest Angel"; and worked on an original musical and two farces.

Distributive Education is a commercial class assisting seniors in preparing for clerking, merchandising, personnel work, advertising, buying, displaying, store management, department supervising, and related occupations. This class is organized so that the students enrolled take a year's job training in a distributive business by combining a minimum of 15 hours a week of supervised training on the job along with his school training.

A D.E. Club provides business meetings and social activities for D.E. students. The use of outside speakers and visits to business establishments such as the annual trip to St. Louis, widens the understanding of the business world for members.

TYPOGRAPHY CLUB

Springfield High's Typography Club, three years old this year, has received much attention as an organization interested in doing special kinds of jobs in printing. Any boy in Printing 1, who is taking a full semester of printing, may join the club.

At their meetings the members see movies, practice basketball for their games with other school clubs, or do jobs. Some of these jobs are binding books, printing Christmas cards, making calendars, and, in the Fall, printing programs for the football games.

Mr. Redding, the printing instructor, is the able advisor of the organization; it is because of his help and encouragement that the club has been a success.

According to their yearly custom members of the Cafeteria Council donated food to make a Thanksgiving basket for a needy family, and gave their annual Christmas and Easter breakfasts. Gay decorations, an enjoyable program and many gifts made both breakfasts memorable occasions.

In June the graduating seniors were guests of honor at a picnic and at a formal luncheon in the cafeteria.

The council booth at the May Festival this year was a bang-up job — it was a shooting gallery with prizes of school pennants and pins.

This year the council members innovated the plan of serving refreshments at the school dances. It proved a very popular idea.

FUTURE FARMERS OF AMERICA

The Future Farmers have been a very active organization this year. They have participated in many judging contests, at which they have been very successful. They won first prize in the state for the chicken of tomorrow and also ran first in the state and seventh in the nation with their vegetable demonstration team.

SHS learned more of the work of the Future Farmers when they presented an assembly program showing some of their activities. Like all clubs, they have their social activities, but their main interest is the study of agriculture.

SHS BAND

The crash of the cymbals, the beat of the drums, and the tramp of marching feet are stilled until fall, when they shall be heard again. The Springfield High School Band, under the direction of Mr. George Patrick, has completed another year of supplying stirring music for students and public alike.

Beside the usual athletic activities, the band has played its annual concert for the governor's Christmas party at the Armory and also its concert for the inmates of the state hospital at Jacksonville. As was customary, the band gave one formal concert in the SHS auditorium. The music, along with the colorful uniforms, was well received.

The band has frequently been the beginning of musical careers for its members. Several have studied, after graduation, music education and gone into the field of band directing. Music can be an avocation as well as a vocation. The bandsmen will always retain an interest in music as a result of their band training.

Choral Department

The Choral Department has presented four major productions this year (two formal concerts—November and May, The Christmas Program, and the Soiree Musical in March) besides many dozens of appearances around the city and before state conventions. Two busloads of choir members went to Peoria to participate in the Big 12 Music Festival where the students rehearsed on the Bradley Campus through the day to give a concert that evening with Don Craig serving as guest conductor.

The choir also sponsored a trip to St. Louis on May 24 to see the Grand Opera, **La Traviata** by Verdi, given by the Metropolitan Opera Company of New York City.

The Soiree Musical was a new production given the first time this year which included three major extended choral works, "The Song of Man" by Kountz, "The Nutcracker Suite" by Tschaikowsky, and "As The Hart Pants" by Mendellsohn. For this performance, 11 students, soloists, who are members of the choir, were used. The choir invited people to come as guests for this performance, since they wished to give many people the opportunity of enjoying this beautiful music.

ORCHESTRA

The SHS concert orchestra appeared in three major concerts during its 1951-1952 season—the winter concert on December 8, 1951; a concert in Chatham, Illinois; and their spring concert on May 6, 1952. Six members of the orchestra were chosen to attend the all-state Orchestra Festival in Champaign, Illinois, which was held on November 26th and 27th. But this is not all! Twenty members attended a Big Twelve Music Festival in Peoria this spring. Also, during the year the orchestra had two picnics, a very successful dance, "Lover's Leap," and a Christmas party.

Seven Sing Sweetly

FROM LEFT TO RIGHT: Pat DeFrates, Carole McNish, Susan Howarth, Claretta Kreuger, Bonnie Madison, Delores Hawkins, and Betty Siebert.

SINGING SEVEN

The Singing Seven has been a most active public relations group for our school this year under the direction of Miss Hausen.

The ensemble has been called upon by many civic organizations and in addition have given major parts of programs for a number of state conventions which have convened in our city this year. They entertained for the State Conventions of the Future Teachers Association, the Illinois Business and Professional Women, and the Illinois Welfare Association. They also appeared before the YMCA Round-Up, Illinois Highway Engineers, the Lionesses, the P.T.A. of Divernon, the Normal University Alumni, and P.T.A. at SHS.

They sang at all grade buildings in the SHS area: Stuart, Butler, Douglas, Dubois, Lawrence, and Hay-Edwards.

The girls in the Singing Seven were attractively attired in black skirts, long sleeve white blouses with french cuffs and black bows, and red vestees.

Ensemble

The Ensemble has had a very active year! Among the engagements they have had are the following: appearances on SHS orchestra concerts, the Order of the Amaranth Talent Show and before a prospective string group in Taylorville, Illinois. Also, these five young ladies have supplied dinner music for such events as the Governor's Banquet for the "Y," the dinner for the Sangamon County TB Association and a business women's tea. SHS should be proud of their All-Girl Ensemble under the direction of Mr. Johns.

The National Honor Society is an organization to which almost every student aspires. This society is strictly honorary. Its membership is based upon scholarship, leadership, character, and service to the school. Since 1934, the year in which Springfield High School received its society charter, 998 graduates have become members. This represents a number of more than fifteen percent of each graduating class. The scholastic requirements are a general average of "B" for the high school career and an average of 4.66 or the equivalent of four "A's" and two "B's" in at least one major subject. The names of those eligible are then submitted to the entire faculty for their approval of the student's general school citizenship.

The eligible seniors are elected at the end of the second term of their last semester. Their certificates of membership are presented at the recognition assembly in the Spring or, in the case of the January graduates, at their graduation. We are proud of the 1952 seniors who were elected to membership in this organization.

The Junior Capitoline Staff is a hard working group of 54 juniors who are interested in learning the business of publishing our school yearbook. Next year it will be this staff who will be in charge of the Capitoline.

Activities started off with a bang in October when the staff gave a "Touchdown Tussel" dance at the Y.W.C.A.

Many interesting talks were given on setting type, engraving, and advertising. Sometimes seniors told about their jobs on the Senior Capitoline Staff. In this way the Juniors learn something about the qualifications and duties of a student on the Senior Staff.

The Juniors gave help to the Senior Staff in staging the annual Capitoline Assembly and selling acknowledgments for the year book. Publishing the Student Directory is the most important job of the Junior Staff. Carolyn Miller was the capable editor of the Directory.

"LOST HORIZON"
JANUARY CLASS PLAY

Well folks, our January class play was great! It was given on November 15 and 16 and the crowd there enjoyed the performances. The Prologue and Epilogue added a new flavor to the already very intriguing three acts, and the players gave their complete support, which a play of this type needs.

"Lost Horizon," staged in a lamasery in Shangri La, involves four lost travelers and their encounters with the strange and mystic inhabitants of the Valley of Tibet. As the plot moves forward, the main character, Conway, (George Perry), not only becomes High Lama of the village, but also falls in love with one of the mysterious dwellers, portrayed by Marcia Orr. As complications arise the four travelers leave, knowing almost as little about Shangri La as when they came. But the Epilogue solves all our problems by showing Conway's return and the happiness of all at Shangri La.

Miss Cora Jane Yonick, the director, and her assistant, Nancy Bogardus, used all their skill and knowledge in guiding the production as well as in quickly solving the many and varied problems that arose with every play practice. The countless hours spent by the Construction, Scenery, Make-up and Costume, Publicity, Usher, Program, and Ticket Committees—in fact, by EVERYONE—were well rewarded by the production of "Lost Horizon."

Thanks to all for a show long to be remembered!

"DEATH TAKES A HOLIDAY"

June Class Play

You really got your money's worth if you attended the June Class production of "Death Takes a Holiday." The cast outdid itself in many ways to produce a play that every one of the students and faculty as well as relatives and friends would enjoy. It was agreed by all who saw either performance that it was truly one of the best productions of Springfield High School's history, and that the attendance exceeded that of many years before. We are all very proud to have had such a talented cast and also such professional scenery as was enjoyed by the audience this semester.

Those included in the cast were Dick Trumpe as "Death," Beverly Blanchard as Grazia, and Dan Moskowitz as the Duke. These three characters were the main players and their performance revealed not only skill on the stage but also hard work off the stage. Ann Gardner and John Oliver played Cora and Fedele, the maid and butler, Teddie Bales was Alda, Carol Archer and Wilbur Zanin played Rhoda and Eric Fenton, Major Whitread was played by Richard Kadyk, Stephanie and Corrado were played by Patte Edwards and Ed Schmidt, and Robert Hall and Gail Benjamin were cast as the Baron and the Princess. All formed a good cast and gave the audience a great show.

Many others helped to give a production that the June Class can sincerely be proud of. There were such committees as the Set and Property, Publicity, Makeup and Costumes, and Ushers, Tickets, Program Committees. Seniors worked long and hard on these various committees and the co-operation contributed by the groups made all realize that only by the aid of every individual committeeman could the show have gone on.

Thanks to the June Seniors for a great show that we will always remember!

The Capitoline

Springfield High School
Springfield, Illinois

Hi Kids;

Well that's it! That's your 1952 Capitoline. We hope that you have liked it, and that you will continue to like it for years to come. It is the fruit of a whole year of labor; we hope time will prove labor well spent. All the work was not ours, however. We want to express our deep appreciation to our most patient advisor, Mr. Furry, and to Carolyn Miller and her hard-working Junior Staff. Our thanks go also to all you kids who took an interest in the book by subscribing, turning in snapshots, and giving us suggestions. We have tried to make this <u>your</u> scrapbook. If we have mentioned your favorite dance or event, we have succeeded. Here's hoping that in the year 2000, this book will still bring back to you memories of that wonderful 1952 at S.H.S.

Good luck over the years!

Sincerely,

Your Capitoline Staff
